Help keep our community safe. Get tested twice weekly to minimize the spread and keep the infection rate low!

1. CREATE YOUR TESTING ACCOUNT
Visit the Color Genomics website to create your account, using your primary Stanford email address.

Note: Use a different password than your SUNET ID password.

2. PICK UP YOUR TEST KITS
Visit one of the testing sites and present your Stanford ID to pick up your testing kits.

Note: You may pick up several kits for future use. Test kit pick-up hours are limited.

3. ACTIVATE YOUR KIT, COLLECT AND DROP OFF YOUR SAMPLE
a. Before you collect your sample, sign into your Color Genomics account to activate your test kit.

b. Once your kit is activated, and you have received a confirmation email, you may collect your sample.

c. After collecting your sample, be sure to return your sample to a drop box on the same day, which means by 4 p.m.

   Tip: Check out Color’s how-to videos.

4. RESULTS IN 24-72 HOURS
You may still report to on-site work and go to in-person classes and activities while you wait for your results. You’ll receive an email and text notification to log into your Color account to review your results.
