Hi Everyone,

We’re writing this email to help spread awareness about the various ways you can help support the current fight against racial injustice and the systemic policing of Black communities. SOLE stands in solidarity with Black students and with the Black community during these current protests demanding justice for the murdering of Black lives by the police institution and white supremacists.

Many of our own Latinx communities are plagued with anti-Blackness that not only harms Black people, but contributes to the systemic oppressions of Black lives in our country. Staying neutral or deciding to not support protests and the constant struggle Black lives face every day is an ignorant action that only continues to perpetuate violence against Black people everywhere.

We ask that you support in whatever way you can, whether it’s engaging in protests, donating, spreading accurate and helpful information on social media, or self-education. The burden and effort of this ongoing fight should not be solely placed on the shoulders of Black communities. It is crucial that we use any kind of privilege we hold whether it’s financial, racial, etc, to stand and fight alongside Black lives.
